

# Information related to the AI exam winter 2012/13 (module IN2062)

- Date and time (as announced in TUMonline)  
21.2.2013, 8:00-9:30, please arrive earlier so that we can start on time
- Closed book, no auxiliaries permitted -> no numerically complex calculations
- However, some calculations may occur e.g. in Bayesian networks, in decision trees, etc. The calculations are simple so that they can be done without a calculator. If numbers, such as logarithms, are needed, they will be provided.
  
- The exam will take place in the lecture halls Interim 2 and in HS1
- A list of assignments of names to a room will be put on the web
- On the exam day, the seat assignment will be listed at the door of the rooms.
  
- Bring your student ID and an official ID (passport, Personalausweis,)
